Re: Player of the Month Promotion

Please be advised that due to the coronavirus outbreak, we are closing the facility for at least the next two weeks. We will therefore have to adjust the current Player of the Month promotion once the property is reopened. Tentatively, the plan will be to extend until the end of April and increase the players that win a seat into the Players Championship and increase the winning amounts for the cash winners. I will provide further details as they become available.

I wish you all the best. Please stay safe.
